Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Sunday 03 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cold with wintry showers.

Today:
Mostly cloudy with frequent and often heavy showers. These will be a wintry mix with snow mainly falling over hills but occasionally to lower levels away from the coast, especially in heavier bursts. Breezy and feeling cold with icy patches. Maximum temperature 5 deg C (41 deg F).

Tonight:
Scattered wintry showers will continue overnight with occasional clear spells allowing frost and ice to form. Remaining breezy and cold. Minimum temperature -1 deg C (30 deg F).

Monday:
Sunny spells and scattered wintry showers, most frequent during the morning with many becoming drier later. Breezy at the coast and cold for all with icy patches. Maximum temperature 5 deg C (41 deg F).

Outlook for Tuesday to Thursday:
Staying cold with sunny periods and occasional wintry showers on Tuesday and Wednesday. Perhaps cloudier on Thursday with rain, sleet and snow arriving. Sharp frosts and a risk of ice.
